## All About Anime

Japanese animation is often referred to as "Japanimation" or "anime." Japanese animation is a sophisticated combination of complex, well-written stories with dynamic graphics. The narratives run the gamut from comedy, action/adventure, and science fiction to horror, romance, and mystery. Many Japanese animation fans are science fiction enthusiasts or comic book fans. Some are role playing gamers, video gamers, or action fanatics. Yet another segment of Japanese animation fans consists of college students and young adults who are into the "alternative" scene.

Western audiences were first introduced to anime in the 1960's with the television series **Astro Boy**, **Kimba the White Lion**, **Gigantor**, and **Speed Racer**. More than 20 years later, there is still a strong demand for these titles!

In the 1980's there was a resurgence in the popularity of Japanese animation, spearheaded by the broadcast of **Battle of the Planets**, **Star Blazers**, and **Robotech**. Although these shows were heavily edited and rewritten for American audiences, American fans wanted more. Today, Japanese animation is more accessible than ever before, and the demand for quality programming continues to grow.

**Wars in Peace:  
Korea/Vietnam**  
75 Minutes  
Catalog Number:  
CPM1336  
\$29.95 US List Price  
"Korea": What started as a  
border dispute between  
rival regimes escalated  
into a confrontation  
between East and West.  
"Vietnam": The first  
television war as well as  
the first helicopter war  
against a persistent and  
invisible enemy.

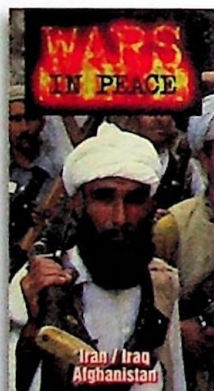

**Wars in Peace:  
The 6 Day  
War/Yom Kippur**  
75 Minutes  
Catalog Number:  
CPM1337  
\$29.95 US List Price  
"The 6 Day War": Israel  
won a stunning victory  
over the combined  
Arab forces of Egypt,  
Jordan, and Syria but  
didn't foresee the  
surrendering Arabs'  
thirst for revenge. "Yom  
Kippur": Six years after

their defeat, Egypt and Syria launched simultaneous  
surprise invasions at Israel on the holiest day of  
their year.

**Wars in Peace:  
Terrorism/  
Lebanon**  
75 Minutes  
Catalog Number:  
CPM1338  
\$29.95 US List Price  
"Terrorism": Random,  
unpredictable,  
sophisticated. Terrorist  
attacks are sudden,  
extreme acts of  
violence that focus  
world attention on the  
terrorists and their  
causes. "Lebanon":

Angered by repeated PLO attacks, Israel launched  
an ambitious two-pronged military attack that  
included 1,200 tanks and 1,500 armored carriers to  
push the PLO back from its border.

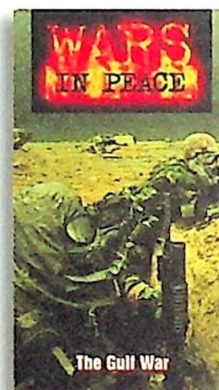

**Wars in Peace:  
Iran-Iraq/  
Afghanistan**  
75 Minutes  
Catalog Number:  
CPM1339  
\$29.95 US List Price  
"Iran/Iraq": Iraq  
attacked Iran seeking  
control of the Gulf's  
richest oil centers in  
what was to become  
one of the greatest  
civilian and military  
horrors since World War  
II. "Afghanistan":

Provoked by the spread of Islamic fundamentalism,  
the USSR assassinated a popular president and  
invaded Afghanistan under the guise that it was  
invited to repel foreign intervention.

**Wars in Peace:  
The Falklands/  
Special Forces**  
75 Minutes  
Catalog Number:  
CPM1340  
\$29.95 US List Price  
"The Falklands": When  
Argentina pursued its  
long held claim to the  
Falklands and South  
Georgia, it underestimated  
the scope of British  
reaction. "Special  
Forces": Highly trained  
strike teams conduct

risky operations of strategic importance to their  
governments in areas where regular armed forces  
won't venture.

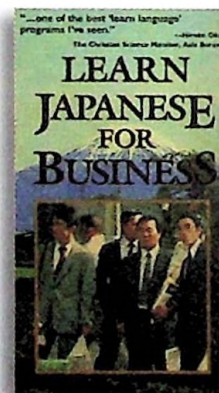

**Wars in Peace:  
The Gulf War**  
75 Minutes  
Catalog Number:  
CPM1341  
\$29.95 US List Price  
"Parts 1 & 2": When the  
Iraqi army invaded  
Kuwait, Saddam  
Hussein underestimated  
the strength of Western  
reaction and the  
combined power of the  
largest international  
force assembled since  
Korea. The combined

forces retook Kuwait as the retreating Iraqi army left  
a legacy of destruction, burning oil fields and  
polluted seas.

"There is a consumer-driven market demand for *anime*... Given these facts, we respectfully submit that retailers who want to take advantage of the booming interest in animation, and who want to have some sort of exclusivity for this market, look into this fascinating, and very retailer-friendly, programming genre."

— Video Business

"...there is no better time to get into anime than the present. The variety of shows—from space operas and historical fantasies to comedies and thrillers—has never been greater, and with videos appearing in English with greater frequency, they are more accessible than ever."

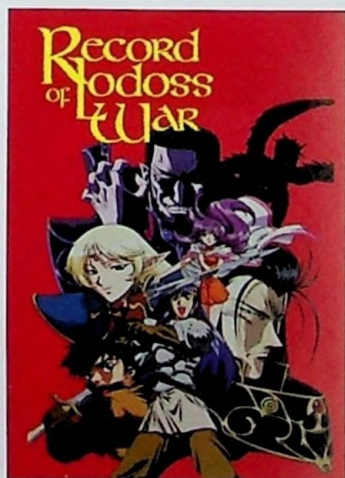

— Toons

"For those who own a business, anime simply means profit and fresh air. For those who lead the industry, it means a chance to be an actor in the evolutionary process, to anticipate it and grow with it."
